Everett Farm Nature Preserve

Everett Farm Nature Preserve is a 35 acre former tree nursery that has undergone extensive restoration and is home to many different species of trees and birds.

Here are some suggestions for your exploration of Everett Farm Preserve...

- Look and listen for birds. Count how many different species you find.
- Look for evidence of the former tree nursery... what did you see? How many different types of trees can you find?
- Look for signs of animals, including tracks, scat and nests.
- Find the old farm equipment tucked away in the eastern part of the preserve.
- Find a quiet spot to watch for wildlife... you may see owls, hawks, or deer.
